

■ The smart companion

ERGO-Pocket constantly does a good job—for young and old—at home or on the move. The little magnifier with the great impact fits in every pocket or can be attached to a lanyard worn around the neck.

■ Good to have a choice

Although an ERGO-Pocket is beneficial for everybody this convenient folding magnifier is as individual as its owner. ERGO-Pocket is available in the 4 colours Arcadian blue, Caribbean blue, Bordeaux red and Kerry green, all in 2 powers 16D and 28D with a lens diameter of 35mm.

www.comfortable-reading.com

Detailed information about the ERGO-Line from SCHWEIZER can be found on this website. The ERGO-Line was the world's first comprehensive ergonomic magnifier series for comfortable reading.

Awarded innovator

SCHWEIZER Optik is one of the 100 most innovative small and medium sized companies in Germany. The company, which had already been in the TOP 100 twice, has been awarded a seal of approval in the 16th TOP 100 corporate benchmarking competition and even made it into the top ten in the category "Innovation-Friendly Senior Management".

ERGO-Pocket

Magnification for everybody

A little companion giving great help for small print

■ Magnificent performance

The premium ERGO-Pocket folding magnifier is available in 2 powers of aspheric lightweight lenses with 16 D or 28 D.

■ Full control

The convenient index finger recess completes the perfect handling of the ERGO-Pocket. This secure grip ensures a steady magnified image.

■ Always accompanied

A lanyard can be attached to the integrated holder. Then the ERGO-Pocket can be worn around the neck to accompany the user everywhere.

■ Instant use

An intelligent folding mechanism ensures a hassle-free and very speedy opening of the ERGO-Pocket.

■ Comfortable fit

The ergonomic shape also creates a comfortable thumb position. The ERGO-Pocket feels like a part of the hand.
