

ReadAnywhere

The ReadAnywhere from VisionAid International Ltd gives you the freedom to read when and where you want to.

It is ideal for business and education users who need to read on the move. Now you can read in a meeting, on the train or in the library.

Being no larger or heavier than a 17 inch laptop computer, and running off batteries for over three hours, the ReadAnywhere is truly portable.

You can also use it as your main laptop PC - just install your screen reading software, plug in a USB keyboard and monitor if required.

The ReadAnywhere is fast thanks to its powerful Intel Core2Duo processor running at 1.66Ghz with 1Gb of RAM and 120 gigabytes of hard drive space.

ReadAnywhere benefits:

- Portability: weighs just 3.7kg (8.1 lbs)
- Superb Speed: takes less than 20 seconds to scan and read a page
- Ease of use: Incredibly simple to operate with built in keypad so no wires
- High quality speech: uses the highest quality synthesised voices available
- Use it as your main Windows computer
- Export documents to plain text, RTF, CD or MP3
- Multiple language support
- Includes deluxe carry case, headset and MP3 player

Deluxe Carry Case Included
