ClarityRio

The compact Rio magnifier is a portable, lightweight unit that offers a multitude of functions. At only 1.5 pounds, the self contained Rio provides 7 inches of viewing space and 5 hours of battery life, taking the Rio to the head of the class.

10-18X MAGNIFICATION

Rio features a unique, state of the art video magnification camera combined with a 7" high contrast LCD screen. The portable Rio weighs just 1.5 pounds and has five different modes to choose from: color, black and white, inverse, yellow on blue, and black on yellow.

For optimal reading results, the Rio has a step-zoom mode for enhanced viewing. Or choose from the handy viewing mouse for total control while reading your mail, menu, newspapers, or favorite publication at a pace that is comfortable for you!

With five hours of battery life, the compact, flexible Rio is ready to go where you are. Love to travel? The convenient and durable carry case allows you to enjoy a night on the town or stop at your favorite restaurant. Crossword puzzles and writing checks are no problem as the Rio glides easily across the pages. With 10-18x magnification, the 7" widescreen LCD will make your viewing experience larger than life!

Just use the AC adapter to charge Rio up again. For ease of storage and portability, the Rio folds down into a 6" x 7" compact design.

Clarity's **LIFETIME WARRANTY** on all products gives you peace of mind while you're on the move.

Please note: The actual product may differ slightly in appearance from that shown.

The most important thing to Clarity are our customers. Let's hear what they have to say ...

"I am writing to express my enthusiasm for my new Clarity system. There are a hundred things I can do with my video magnifier. I can read the newspaper, books, and articles. I can magnify items with print I need to read, such as a vitamin bottle. I am able to do my bookkeeping, balance my check book, figure my taxes, write checks and look at pictures. ...Also, I have found that as a company, Clarity will do everything they say they will do and more."

Glenn Christy, low vision customer
